Reduce Your Heating Bill!

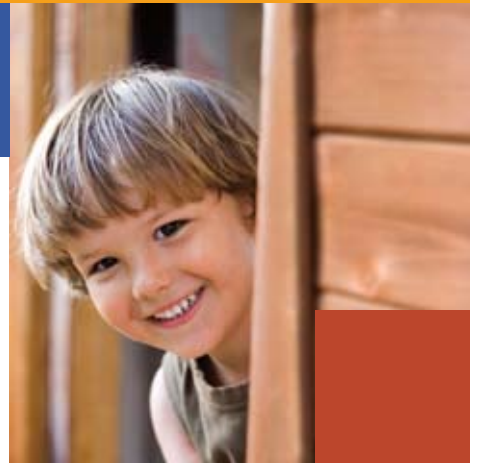

Warm up with a clean-burning, high efficiency Greenwood® boiler.

Greenwood® Furnace Series

Save up to 70%

Say goodbye to high heating prices. Convert from conventional heating fuels —oil, propane and natural gas—and save up to 70% per year on heating and hot water. A high efficiency Greenwood® heating system begins paying for itself immediately.

As low as \$165/month!

Don't be scared to heat your home this winter. With monthly payments as low as \$165/month you'll be putting money back in your pocket every month rather than paying the utility company. With a Greenwood®, you'll rest easy knowing that you have taken the bite out of old man winter.

Aspen Series Outdoor Wood Furnace

Start Saving Money NOW!

It has never been easier to upgrade your home to a clean, renewable Greenwood® heating system. Talk to your participating Greenwood® dealer to learn about a tailored heating solution that will save you money every month and pay for itself in no time!

Financing Qualifications

Available only at participating authorized Greenwood® dealers. Fixed 9.90% Annual Percentage Rate (A.P.R.) financing available on approved credit for purchase and installation of Greenwood® boilers. Payments will vary, as dealer determines price. Not all buyers will qualify for financing. See your local Authorized Greenwood® Dealer for complete details.
